

Level II Roads

- This level includes all county collector roads. This level also includes all local roads that currently have a school bus route. Plowing and sanding operations will normally be carried out between the hours of 5:00 p.m. – 3:30 a.m. and then again between 4:30 a.m. – 3:00 p.m. In the event of extreme severe weather, level II roads may not be plowed until all Level I roads have been opened. This level will receive priority over Level III and Level IV roads and will normally be plowed and sanded within the first 24 hours after snowfall has ended.
